# About Us & Our People

## We are 5+ years experienced people.

---

**AL BAHAR SHIPPING** act as ship agents, ship maintenance and marine surveying company headquartered in Fujairah, providing professional and premium services since 2015. Our team consists of talented individuals with over 10 years of experience in each of their respective fields. Our will to maintain quality has never changed since then. Our staffs are equipped with the latest technological resources to sustain seamless flow of information and contact with all contracted parties to fulfill customer requirement.

Through our strong alliance with business associates, we have consistently met customer demands with reliable, timely and flexible service. Our team of well-trained, experienced staff works round-the-clock 24/7 to ensure all requirements are met. We continue to build lasting partnerships based on customer satisfaction, to the highest health, safety and environmental standards.

## 3 reasons why we are different.

---

### **TEAM**

Believing in a skilled workforce, we invest in every employee through training programs that grow their skill sets.

### **SERVICES**

We understand the unique challenges each customer may face and are always ready to assist with solutions that are reliable, accurate and effective.

### **VALUES**

We create valuable solutions that maximize economies of scale and time efficiency, while minimizing operational costs and maintaining quality standards.

## We are ethical & innovative people.

---

**AL BAHAR SHIPPING** stands by our principles and aim to provide highest quality service to our clients abiding the various international maritime regulations. We tailor our services to be client specific, understanding their commercial and technical need, and aim to surpass their expectations in every stint offered to us.

We believe change is the only constant, without change there is no creativity and innovation. Our vision is to be the global trusted leader by providing bespoke services for all survey, technical, agency and commercial needs of clients and partners. Our Team, Services and Values for our clients have always been the pillars of contribution to every successful project.

Our aim is to bring the wealth of experience in the ports across UAE to ensure that all our principles are met with highest standards demanded out of an agent. Our mission is to provide our overseas partners, the highest possible services and achieve maximum customer satisfaction.

## 3 Amazing things about us.

---

### Time

Within our years of experience the one thing we have learned to value the most, is Time. It is always precious and irreversible. We are timely on even the smallest bit.

### Team

Our team is our greatest asset and they are our competitive advantage. We are proud to be having the best team, serving our esteemed clients.

### Technology

A marine service firm of the 21st demands technology that innovates. We are the innovators to adapt the latest technology to cater our clients.

# Our Services & Business

## What we can do for you.

---

We provide a full range of specialized services to all our clients' vessels from our base offices in Fujairah, Khorfakkan and Sharjah. Our excellent relations with ports ensure a quick vessel turnaround. Below are, few of our primary services, that are rendered all over our branches.

### Ships Agency

We provide a full range of agency services, including but not limited to, full ship agency, logistics, inland transportation, customs clearance and supply services. ABS provides comprehensive, reliable, and responsible solutions to ship-owners, charterers, managers, operators and traders in a safe cost effective and efficient manner

### Technical Services

ABS Marine Engineering division is a dedicated branch of the company incepted in 2016 with a strong support team, consisting of Marine Engineers and Master Mariners, with many years of sailing and engineering experience coupled with a group of highly specified technical work force. The setup is supported with well-equipped built workshop in Fujairah, U.A.E

### Marine Survey

Our experienced surveyors offer impartial, independent quantity measurement inspection services for marine fuels and issue detailed reports to confirm fuel quantity and quality. Introduced in 2018, our team of surveyors includes individuals with a combined experience of 50 years, in the marine bunker oil industry.

## SHIP AGENCY

---

AL BAHAR SHIPPING is a “one stop shop” offering comprehensive port agency services for ships of all types. With us as partners, you can rest with the ease of mind, regardless of whatever issues arise with the vessel. Crew or Cargo, we have the skills and expertise to deal with the situation effectively and in a way that best furthers our clients interests.

We offer expert assistance for all owners/charter/ manager/broker and vessel requirements, such as cargo operations, husbandry service and launch services. We also have a strong presence throughout all ports across the U.A.E. Our services are designed exclusively around the needs of our customers.

We provide a full range of agency services and our excellent relation with the ports, ensure a quick vessel turnaround. Our team understands the importance of effective communication and accessibility. We are entrusted with around 80+ vessels each month for our ultra-responsive performance.

We work round-the-clock 24/7, and our operations team are just a call away to serve you better and efficiently.
